

HR 1413

SECTION-BY-SECTION

Sec. 1. Comprehensive Screening of Airport Workers

PILOT PROGRAM REQUIREMENTS

Establishes pilot program at five airports, including at least two large hub airports, to screen all airport workers with access to secure areas of the airport.

- (1) the program will use the same standards that apply to passengers at security checkpoints
- (2) at least two will use private screening companies
- (3) designate at least one separate screening lane for workers

REPORTING REQUIREMENTS.

- (1) the Assistant Secretary shall conduct vulnerability assessment for pilot airports that includes access badge and uniform controls.
- (2) Airport operators shall conduct assessment of screening technology and submit to Assistant Secretary
- (3) Assistant Secretary shall submit report within 90 days of implementation to House Homeland Security and Senate Commerce, Science, and Transportation Committees on program status to include the program costs and effects, and the status of the vulnerability assessment
